- 

### Activity Procedures:

1. Hide as many Kilroy's around the area/building as you desire.
2. **PE Option 1: Class activity.**  
Have students partner/group up and have a "homebase" cone. One partner should remain at the cone, while the other performs the movement pattern around the area looking for Kilroy. After 1 lap of the area that partner goes back to "homebase" and reports back to their partner. The partner then takes their turn looking for another Kilroy. When a pair/group thinks they've located all the Kilroys, have them bring their paper up for you to check. The first pair/group to find all Kilroys correctly wins. (\*\*You could also add more blanks on the paper than there are Kilroys\*\*)
3. **All School Option 2: Veterans Day Lead Up Activity.**  
Hide one Kilroy around the building per day leading up to Veterans Day. Have teachers play the story of Kilroy at a common part of the day. Encourage students to try and find Kilroy during their passing periods or during other appropriate times. You can have a prize for the first student and staff member to report the Kilroy for that location.

### Debrief Questions:

- Elementary:
  - Where did the name Kilroy come from?
  - What kind of places did Kilroy make it to?
- Middle:
  - How did the story of Kilroy grow?
  - What kind of exotic places do you think Kilroy made it? Where would you put him?
- High School:
  - In what ways did Kilroy have an impact on a soldier's mental or emotional well being?
  - While Kilroy is still seen today, is there a modern day version of Kilroy?
