Materials/Equipment:

- [Morse Code Sheets](#)
- [Morse Code Breakers Powerpoint](#)
- Prizes if desired

Activity Procedures:

1. Break students up into small groups or they can do this individually.
2. Provide students with the Morse Code Sheets so students can translate from the video.
3. Play the video for the whole class to watch. You will probably want to play the video a few times so students can help each other out.
4. Continue playing the video until a group is successful.

Debrief Questions:

- Why do you think the military uses morse code?
- What makes morse code difficult to translate?
- Can you create your own morse code message?
